

Christian G. Krueger

Mr. Christian G. Krueger is the CEO of Complete Phytochemical Solutions, LLC and Synesis Nutrition, INC.

He has a 28+ year career at the University of Wisconsin-Madison as a Principal Investigator and Phytochemist specializing in the development, validation, and harmonization of mass spectrometric methods for the authentication of dietary ingredients, foods, and beverages.

Christian has published over 80 peer-reviewed manuscripts and holds numerous patents on natural product technologies. He is a member on several AOAC International Expert Review Panels, a member of the American Herbal Products Association's Psychedelic Plants and Fungi Committee, a member of the American Botanical Council's Botanical Adulterants Prevention Program and works closely with the United State Pharmacopeia (USP) to assist in development of monographs for the Dietary Supplement Compendia. He is an invited Advisory Council Member for Sonoran University of Health Sciences.

His expertise in natural product chemistry, understanding of natural products supply chain management (growers, processors, formulators, and retail) and research experiences relating phytochemical structures to biologic function provides a unique skill set and background.
